

## Mabel White's Old Fashioned Popcorn in a Mason Jar

Pour 2 cups of popcorn into a  $\frac{1}{2}$  Quart Mason Jar along with  $\frac{1}{2}$  cup of pure corn oil. Cover with a Square Piece of Burlap that has a fold art stencil design on top and use a rubber band to secure the burlap around the neck. Cover with natural rope or raffia to conceal the rubber band and secure the instruction card that should accompany it. The entire contents will yield 15 quarts of popcorn.

### Instructions for Popping

Pour  $\frac{1}{4}$  of Mabel Whites popcorn into a heavy skillet or deep pan with a loose cover to allow steam to escape. Place pan over high heat. When the corn begins to pop, reduce the heat to medium and shake well until popping stops. Salt to taste and wait just a few minutes to later to enjoy the old fashioned goodness.
