

## Make Your Own Antibacterial Soap

### Premium Liquid Hand Soap!

Hand soap doesn't have to be orange and smell soapy anymore! This antibacterial formula leaves your hands clean and germ-free! Custom scented handsoap in any pump bottles makes a great addition to any gift basket! Sell to your coworkers by putting a bottle in the office bathroom! Contains Vitamin E!

*\*This is not a gel. Although it is clear liquid soap, it can cloud with the addition of some fragrance oils. Fragrances must be tested on an individual basis to determine results.*

### Antibacterial Hand Soap Instructions:

For Hand Soap, add approx. 1/2 to no more than 1oz. of soap safe fragrance oil to 1 gallon. Add liquid soap dye in drops until desired color is achieved. Stir thoroughly but gently. Pour into bottles with a funnel.

*\*Caution: Heating or adding **too much fragrance oil** can cause liquid soap to become **thinner!***
